Dean of the Graduate School

Date.....Month.....Year.....

Scoring Guideline

1. All committee members must provide their scores in the orders as stated in the given memo 'appointment of MS/MA/Ph.D. final oral defense committee'. Each committee will provide the scores ranging from 0 (the lowest score) to 5 (the highest score) in section 1 and section 2.
2. There are 4 sections plus an extra score section for the committee to evaluate and provide their assessment. In section 3, if the committee does not have clear evidence in support of the given scores, please put '0' in the space provided.
3. In section 3 the committee needs clear evidence in support of the given scores. Please provide that evidence together with this form. If the committee cannot provide such evidence, the scores given in this section will be deducted. In the case that graduate candidates have more than one publication or research work to claim in this section, the total score of this section must not exceed the total score of the whole section which is 50.
4. The committee can assess section 3 based on the proof of research work graduate students have provided.

Evaluation Form for the oral defense examination in Science and Health Science

Section	Assessment Topic	Score	Scores from the Committee							Average
			1	2	3	4	5	Score
1	Master’s Project Quality (55 points)									
1.1	- Clear research problems/questions - Relevance of the proposed problems to current trends and the field of the study - Significance of the study	5								
1.2	Clear objectives of the study which are aligned with the research problems/questions	5								
1.3	Synthesized literature review with well-explored related research	5								
1.4	Clear and correct research methodology aligned with the research problems/questions and objectives of the study	5								

Section	Assessment Topic	Score	Scores from the Committee							Average
			1	2	3	4	5	Score
1.5	- appropriate research instruments - triangulation of the research instruments	5								
1.6	Analyze the data appropriately based on the provided literature review, related theories, and objectives of the study	5								
1.7	Systematically apply theoretical knowledge/literature review to the results of the study and correctly present the results	5								
1.8	Demonstrate oral presentation which is well-organized and logically structured and connected as well as discuss research results adopting relevant theoretical frameworks.	5								
1.9	The current study constructs new knowledge or extends to offer innovations proven to be based on the study.	5								
1	Master’s Project Quality (55 points)									
1.10	- Appropriate English language use throughout - Writing coherence throughout - Correct citations that fit the specified style sheet (APA /MLA/Harvard, etc.)	5								
1.11	Proof of research ethics Certificate	5								
2	Final Oral Defense Quality (20 points)									
2.1	Appropriate presentation procedure	5								

Section	Assessment Topic	Score	Scores from the Committee							Average
			1	2	3	4	5	Score
2.2	Appropriate visual aids	5								
2.3	Content is accurate and theoretical grounded	5								
2.4	Ability to respond to the committee’s questions with clear reasons	5								
3	Academic Quality and Publication (25 points) If there is no clear evidence in support of the scores, please put “0”									
3.1	Evidence of knowledge sharing or other people’s citations of the current study	4								
3.2	Evidence in applying the current study in the real working context or in solving problems in communities/society or in policy	8								
3.3	Evidence of publication or of letter of acceptance to publish in <u>a national peer-reviewed conference</u>	10								
3.4	Evidence of publication or of letter of acceptance to publish in <u>an international peer-reviewed conference</u>	12								
3	Academic Quality and Publication (20 points) If there is no clear evidence in support of the scores, please put “0”									
3.5	Evidence of publication or of letter of acceptance to publish in <u>a TCI-Tier 2 journal</u>	16								
3.6	Evidence of publication or of letter of acceptance to publish in <u>a TCI-Tier 1 journal</u> or in <u>an ACI journal</u> published in Thai	20								

Section	Assessment Topic	Score	Scores from the Committee							Average
			1	2	3	4	5	Score
3.7	Evidence of applying for a patent/petty patent	20								
3.8	Evidence of publication or of letter of acceptance to publish in <u>an ACI journal</u> published in English language	20								
3.9	Evidence of publication or of letter of acceptance to publish in <u>a SCOPUS or ISI journal</u>	20								
4	Master's Project Completion Range									
4.1	Duration in completing Master's project according to the set study plan									
	<u>Master's / Doctoral Degree</u> 1 = exceeding the plan (2 years) 2 = exceeding the plan (1 year and 6 months) 3 = exceeding the plan (1 year) 4 = exceeding the plan (6 months) 5 = exactly as planned									
	Total Score	100								

Rubric Assessment

Based on the consensus of the Graduate School Committee, 9/2019, 13th August 2019

Quality Range	Score	Details
Very Good	85-100	<p>Master's Degree</p> <p>1. 85-100 <u>and</u></p> <p>2. with clear evidence of the research work's usefulness for society <u>or</u> with publication in international peer-reviewed journals <u>or</u> with copyright/ patent/intellectual property/ award from external organizations or communities</p> <p>** with Research Ethics Certificate/completed Informed Consent Form (if applicable)**</p> <p>Doctoral Degree</p> <p>1. 85-100 <u>and</u></p> <p>2. with clear evidence of the research work's usefulness for society <u>or</u> with publication in international peer-reviewed journals in Science / Health Science ONLY Q1/Q2 <u>or</u> with copyright/ patent/intellectual property/ award from external organizations or communities</p> <p>** with Research Ethics Certificate/completed Informed Consent Form (if applicable)**</p>
Good	70-84	<p>Master's Degree</p> <p>70-84</p> <p>** with Research Ethics Certificate/completed Informed Consent Form (if applicable)**</p> <p>Doctoral Degree</p> <p>70-84</p> <p>** with Research Ethics Certificate/completed Informed Consent Form (if applicable)**</p>
Pass	60-69	60-69 or with no Research Ethics Certificate/completed Informed Consent Form
Fail	lower than 60	lower than 60
